

Steve Weeks

Performance Information

Overview

I provide a 45 minute to one hour interactive show filled with music, stories and humor for the entire family. I have performed at libraries, children's museums and theaters across the US. I provide all my own equipment and only require access to an electrical outlet. Whatever your program, I'd love to work with you to customize a show to meet your specific needs.

"Steve is a pleasure to work with, and his music is fun for a wide range of ages. He was a great addition to our summer reading program, and I found myself humming his songs for days after the shows!"
